RE: IATS Executive Director

October 25, 2021

IATS Selection Committee;

I am writing to express my interest in the new IATS Executive Director position. I feel my past experiences in professional service to MATA, GLATA, and CAATE has provided me with an excellent foundation for serving as the Executive Director for IATS. I have 20 years of experience serving in administrative roles within professional athletic training programs which has occurred at diverse educational institutions ranging from small liberal arts, private institutions, to a large R1 public university. My professional service includes serving as a CAATE site visitor since 2003, serving four years as the secretary of the Minnesota Athletic Trainers' Association, serving three years as the MN Student Senate Faculty Advisor, and as a member of the Winter Meeting Planning Committee for GLATA for five years. Clinically, I have provided athletic training services and served as a preceptor for a wide variety of patient populations including pediatrics, an employee clinic, physician practice, and Division I-III athletics. As a Certified AT since 1999, I feel my diverse career background is an important attribute I can use to represent all IATS athletic trainers as the Executive Director.

While in Minnesota, I was part of the MATA in some capacity for 10 years. The combination of my professional service over my career has allowed me to gain invaluable experience and knowledge at many levels of professional associations. (Please see my CV Professional Affiliation/Committee Work section for details). Communication is key in this type of role and I feel I have strong organizational and communication skills to bring to the table. I have been in Iowa for six years and feel I have a stronger pulse on the issues affecting athletic trainers and the time is right for me to step into a role that allows me to professionally represent IATS at the district level. While I look forward to continuing to increase my knowledge, I also feel what I have learned thus far would be beneficial in representing the Iowa Athletic Trainers' Society to the Mid-American Athletic Trainers' Association.

At this time, I would like to formally request consideration for the IATS Executive Director position. I would appreciate the opportunity to give back to my profession and further serve IATS and the profession of athletic training. Enclosed please find my curriculum vita. Thank you for your time and consideration.

Sincerely,

**Megan Lundstrom, EdD, LAT, ATC**
