

## **The Role of the Buffalo Concussion Treadmill Test in Concussion Management**

Megan Kushner, PT, DPT, LAT, ATC

Megan Kushner became a certified athletic trainer in August of 2017 after graduating with a Bachelor of Science in Athletic Training from Millikin University. She went on to earn her Doctorate of Physical Therapy and graduated from Washington University in St. Louis in 2020. Since September of 2021, she has worked at Select Physical Therapy in Des Moines Iowa as both a Physical Therapist and Athletic Trainer. She primarily works with Des Moines East High School but has experience with many of the local high school and college athletes. She is currently the Select Des Moines' Regional Concussion Champion and routinely manages patients after they sustain concussions. While she primarily treats local athletes after concussions, she has experience treating concussions sustained from a plethora of sources. Aside from concussion management, Megan is passionate about managing complex patient cases. She enjoys discussing all aspects of care with both patients and colleagues.
